

**Seattle Pacific University**  
**Engineering and Computer Science Programs**  
**Program Educational Objectives**

A few years after graduation, our Engineering and Computer Science alumni will be:

1. Purposefully demonstrating Christian ideals throughout their professional and personal lives.
2. Serving as competent professionals by applying their knowledge of engineering and computer science to solve complex problems appropriate to their professional roles.
3. Acting as servant-leaders and mentors to develop appropriate solutions in diverse global, societal, and community contexts.
